BancorpSouth has been ranked as one of the Top 25 Bank Holding Companies in the nation for insurance brokerage revenue, according to a study done by Michael White Associates (MWA), a leading bank insurance consulting and research company. The study is based on data sent to the Federal Reserve. BancorpSouth ranks #18 of the Top 25 for 2004, moving up seven slots from #25 in 2003. For 2004, the bank's insurance brokerage revenue totaled more than \$56 million, a 41.7% increase from 2003.

"We're very gratified that our company is a member of the top twenty in the nation," said Aubrey Patterson, CEO and Chairman of the Board of BancorpSouth. "I'm very proud of our colleagues in BancorpSouth's Insurance agencies. They continue to bring great value to our clients." BancorpSouth outperformed most bank holding companies that are several times its size. Among the nation's 73 largest bank holding companies, BancorpSouth ranks #1 in insurance brokerage revenue as a percentage of non-interest income, having achieved 31.2% in 2004.

"We are excited about the way insurance has made such an impact on our bottom line," said James Threadgill, Vice Chairman of BancorpSouth. "As BancorpSouth continues to seek new ways to enhance profits for our shareholders, we see insurance brokerage as a big part of that."

The MWA analysis ranks the top 50 bank holding companies on the basis of absolute dollar amount of insurance brokerage revenue (commissions and fees) and on the basis of insurance brokerage revenue as a percentage of the company's total non-interest income.
